

Important Information about 23-G MI Kids Back on Track Grant

Overview

According to MCL 388.1623g(13), the purpose of the MI Kids Back on Track is to support programs designed to:

- Address unfinished learning.
- Get students to grade-level academic standards.
- Provide additional academic assistance to students at risk of falling behind their peers.
- Help high school students prepare for postsecondary education.

These programs can be provided before school, during school, after school, or during the summer for grades pre-K to 12 in this state. Districts are encouraged to partner with community-based organizations in this work.

There are two phases to the application process: districts must first be determined eligible. Once a list of eligible districts is compiled then allocations for each district will be determined. Eligible districts will then need to submit a budget for approval, aligned with the allocation and approved plan. More information on the grant program can be found at [MI Kids Back on Track \(michigan.gov\)](https://www.michigan.gov/MI-Kids-Back-on-Track).

If you wish to request additional information about supports available regarding the MI Kids Back-on-Track program (23g). Please contact:
